*Calculator – a recommended calculator is the Texas Instruments 30-II or 34-II. Students in 8th grade (Algebra 1) may choose to purchase (but are not required to purchase) a graphing calculator that will continue to be used in high school mathematics classes. Students with graphing calculators will be taught how to use them in Algebra 1. The recommended calculator (if you choose to purchase it) for Algebra 1 and high school math courses is the Texas Instruments TI-84 Plus.
